ADVANTAGE CLOUD™ Cloud 3

Installation instructions for iOS (Apple iPhone/iPad) and Android devices

PREFACE

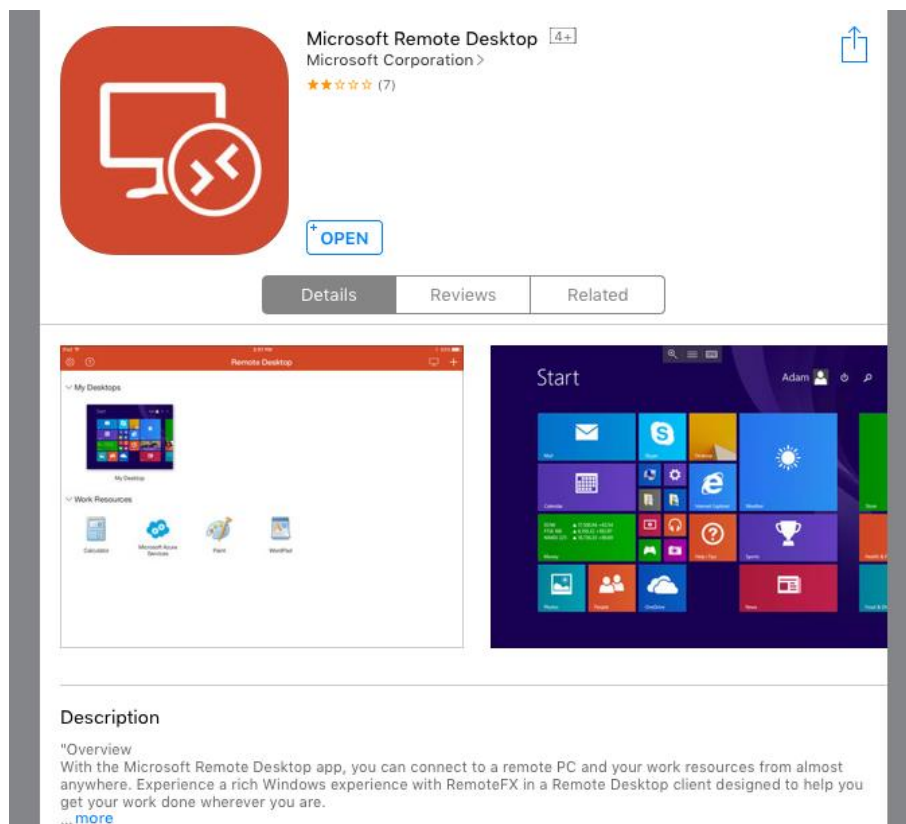

In order to access Compulink's Advantage Cloud services, a Remote Desktop application with Gateway settings is required. Compulink requires the use of **Microsoft Remote Desktop App** for iOS mobile devices.

Microsoft Remote Desktop App

Download and install Microsoft Remote Desktop app from the Apple's App Store or Google Play Store

- If you already have this app installed, skip this section
- Visit Apple's App Store or Google's Play Store and locate the **Microsoft Remote Desktop**
- Download and install the application

Quick and detailed setup instructions are provided below.

Quick Setup - Cloud Setup for mobile Devices – (For advanced users):

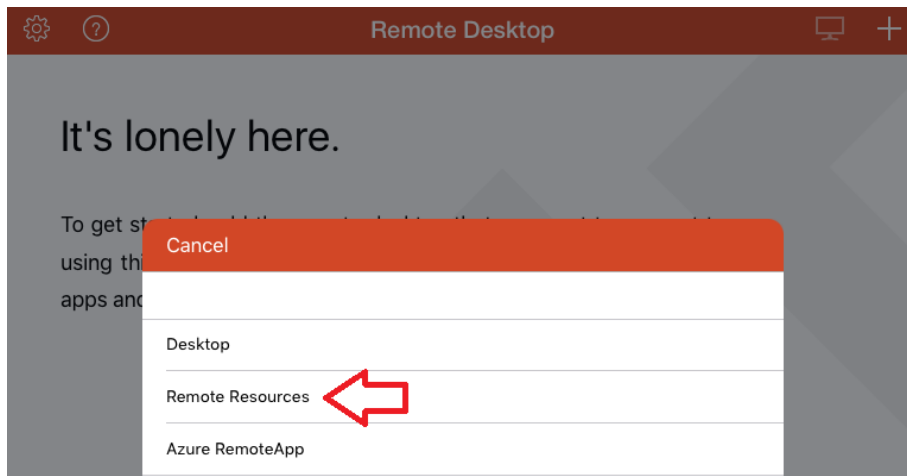

If you are familiar with advanced Remote Gateway access, configure the application with the settings below. For step by step instructions, go to [Detailed Instructions](#).

Configuration Settings:

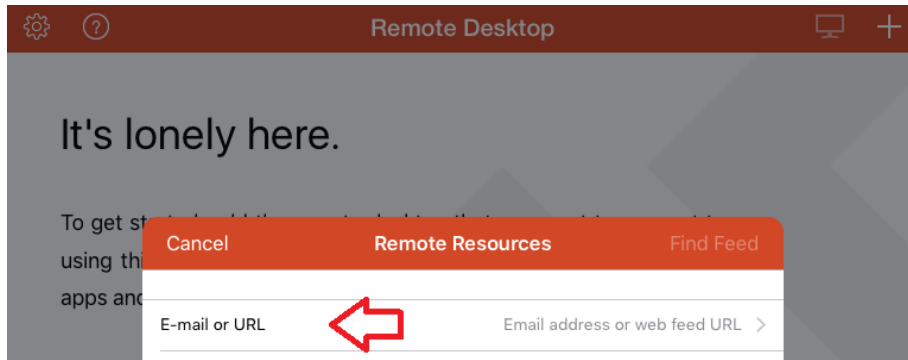

1. Select **+** to add new entry and Select **Remote Resources**
2. **Select E-mail or URL Remote Resource Feed**
3. **Add URL/Email: go@3.compulink.net and select Done**
4. Select **User Account -> Add User Account** and add Cloud credentials assigned to you (e.g. **CLC\YourAssignedUsername**)
5. Add Cloud Password: Your assigned password (starts with your account number) and select **Save**
6. Select **Find Feed** and **Subscribe**
7. Under **Work Resources**, select **Advantage**
8. Click Menu at the top of the screen -> select Mouse Pointer -> select Start Menu -> launch Advantage Software
9. Click Start -> Advantage to launch your Advantage application
10. When Finished, close your Advantage product and select Log Off

Detailed instructions - Cloud Setup for iOS and Android devices
